Mexican Pension System

- Advise and support you with your pension procedure until obtaining it.
- Total or partial withdrawals from your Afore.
- We present an actuarial pension calculation, as the IMSS does.
- Support in registering employees in recognition of weeks.
- Counseling for beneficiaries (widowhood or orphanage).
- How and when to use modality 40 and modality 33 (IMSS).

CONSIDERATIONS

•Do not let yourself be advised by people who are not properly recognized in skills and knowledge. They can significantly reduce your economy and of your beneficiaries at the time when you need it the most.

We give solution to the following situation:

- Data correction
- Conservation of Rights
- Search and integration
of unrecognized weeks
- Multiplicity of NSS
- Homonyms
- Partial or total
withdrawals from your
individual account, (as
the case may be).
